The Best Move To Protect Yourself From High Mortgage Rates

THERE IS NO CATCH TO IT.

YOU GIVE UP A LITTLE, by earning less interest on your savings. AND YOU GET A LOT.

IN OUR 5 YEAR PLAN, the interest you save during a 15 year Mortgage at 5% is

more than 7 times the interest you gave up during the savings period.

IN OUR 7 YEAR PLAN, you save over **5 times** the interest given up.

...A \$100,000 mortgage at 5% for 15 years saves you over \$160,000 in interest payments, when compared to our special rate of 19%.

JOIN OUR 5 YEAR PLAN OR OUR 7 YEAR PLAN.

So sure. So sensible. So revolutionary.
